

# Test Plan

## Participant

Name: Xiwen Zhang

Age: 21

Degree: Bachelor of law

Gender: Female (She/her)

	Pages	User Response (Any issues?)	Additional Comments
1	Sign up	None	
2	Log in	None	Better change words "email" to "username"
3	View discussion board	She choose the button channel	The image of button discussion and channel could be extremely similar
4	View course	None	The button of the course like a course schedule
5	View HTML practice	None	
6	View css course	She try to find backward button	We need to add a backward button, otherwise we have to go back to course pages and choose other course then we can choose css course. This is too complexity
7	Message a user	None	Same problem with q3

8	View message history		
10	Manage profile	None	
11	View Feeds	None	the button of feeds is too ambiguous

### Interview Questions

1. Too many buttons are ambiguous
2. website needs backward button
3. And the aesthetics should be upgraded
